

New Source Review newspaper advertisements for construction permit applications, August 7, 2008. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: August 5, August 6, August 7 or August 8, 2008. Public notices are generally published every two weeks. The previous publication of public notices was July 24, 2008.

### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9<sup>th</sup> Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

#### FIRST APPLICANT:

The applicant is Clinch Mountain Chapel and Crematory with a mailing address of 611 Peninsula, Rutledge, TN 37861. This company seeks to obtain an air contaminant permit (Division identification number: 29-0056-01/62087) for the construction of a crematory located at intersection of HWY 11W and Cross Road, Bean Station, TN 37708. This proposed operation consists of a Matthews Cremation incinerator. There would be physical construction. Regulated air contaminants will be emitted by this source. Mr. Doug Warden is the assigned Division person.

#### SECOND APPLICANT:

The applicant is MacDermid Printing Solutions with a mailing address of 5700 Commerce Blvd., Morristown, TN 37814. They seek to obtain an air contaminant permit (Division identification number: 32-0160-10/62031) for an existing source (Plates Extrusion-Line A) at the above address. Baghouses are used for control of particulate matter emissions. There would be no physical construction. Regulated air contaminants would be emitted by this source. Ms. S. Shajikumar is the assigned Division person.

For the Hamblen County *Citizen Tribune* -- published once on or before Tuesday, August 7, 2008.

---

The applicant is Laughlin Memorial Hospital with a mailing address of 1420 Tusculum Blvd, Greeneville, Tennessee 37745. They seek to obtain an air contaminant permit (Division identification number: 30-0055-03/62143) for three natural gas fired boilers located at the same address. These boilers are used for heating water to reheat the air in the HVAC. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would not be physical construction. Regulated air contaminants are emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For Greene County *Greeneville Sun* -- published once on or before Thursday, August 7, 2008.

---

The applicant is Grimes Recycling with a mailing address of 145 Boldan Road, Reagan, TN 38368. They seek to obtain an air contaminant permit (Division identification number: 39-0092-01/62158) for construction of a New Aluminum Sweat Furnace located at the before mentioned address. This proposed operation would consist of a propane/natural gas-fired incinerator and associated equipment used to smelt aluminum. An afterburner would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. E. King is the assigned Division person.

For the Henderson County *Lexington Progress* -- published once on or before Thursday, August 7, 2008.

The applicant is Pilot Travel Center #226, with a mailing address of 5508 Lonas Road, Knoxville, TN 37909. They seek to obtain an air contaminant permit (Division identification number: 45-0139-01/62185) for a Gasoline Dispensing Facility located at 505 Patriot Drive, Dandridge, TN 37847. This existing operation consists of eight gasoline storage tanks and associated gasoline dispensing equipment. Stage I gasoline vapor recovery is used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For the Jefferson County *Standard-Banner* -- published once on or before Thursday, August 7, 2008.

The applicant is Rogers Group, Inc. – Lewisburg Quarry with a mailing address of P.O.Box 25250, Nashville, TN 37202-5250. They seek to obtain an air contaminant permit (Division identification number: 59-0013-01/62157) for modification of an existing Rock Crushing Operation located at 600 Darnell Mealer Road, Lewisburg, TN 37091. This proposed modification would consist of adding three conveyers and a screen to the current operations. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants are emitted by this source. Mr. Abbas Yavari is the assigned Division person.

For the Marshall County *Tribune* -- published once on or before Thursday, August 7, 2008.

The applicant is Zoomers #73, with a mailing address of P.O. Box 1714, Morristown, TN 37614. They seek to obtain an air contaminant permit (Division identification number: 82-0429-01/62173) for a Gasoline Dispensing Facility located at 2519 West State Street, Bristol, TN 37620. This existing operation consists of six gasoline storage tanks and associated gasoline dispensing equipment. Stage I gasoline vapor recovery is used for pollution control. There would not be physical construction. Regulated air contaminants are emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For the Sullivan County *Bristol Herald Courier* -- published once on or before Thursday, August 7, 2008.

The applicant is Marks Grading & Landscaping with a mailing address of P.O. Box 37, Fall Branch, TN 37656. This company seeks to obtain an air contaminant permit (Division identification number: 82-0430-01/62176) for construction of an Air Curtain Destructor located at Windridge Drive, Kingsport, TN 37660. This proposed operation would consist of a trench type air curtain destructor (incinerator) used to incinerate brush waste. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For Sullivan County *Kingsport Times-News* -- published once on or before Thursday, August 7, 2008.

The applicant is Southern Lithoplate, Incorporated with a mailing address of 360 Commerce Street, Jackson, TN 38103. They seek to obtain an air contaminant permit (Division identification number: 57-0180/62039) for modification of a Lithoplate Operation located at 360 Commerce Street Jackson, TN 38103. This proposed operation would consist of lithoplate and packaging operations. Southern Lithoplate Incorporated seeks a modification of the current operating permit allowing an increase in Volatile Organic Compound emissions. It should be noted that Southern Lithoplate Incorporated currently possesses a Tennessee Air Pollution Control Division (TAPCD) permit. This permit is a federally enforceable state operating permit which allows Southern Lithoplate Incorporated to opt out of being subject to the provisions of paragraph 1200-3-9-.02(11) of the Tennessee Air Pollution Control Regulations (also frequently referred to as Title V regulations). Southern Lithoplate Incorporated has agreed to continue to be bound by the provisions of this permit that limit their potential to emit for volatile organic compounds (VOCs) and hazardous air pollutants (HAPs) such that they are below the applicability thresholds of 100 tons per year for VOCs, 10 tons per year for a single HAP, and 25 tons per year for total HAPs. Southern Lithoplate Incorporated has also agreed to use record keeping to prove that they are abiding by these more restrictive emission limits. There would be no physical construction. Regulated air contaminants would be emitted by this source. Mr. David S. Gosslee is the assigned Division person.

For the Madison County *Jackson Sun* -- published once on or before August 8, 2008.
